AUDIENCE

The Insurance Edge core audience is comprised of insurance company managers, brokers, claims specialists, insurtech entrepreneurs, law firms and regulatory bodies - plus data handling, analytics, AI, chatbot and software supplier companies with a keen interest in the UK insurance sector.

The key themes as regards Insurance Edge content are news, disruptive tech, mergers & acquisitions, broker transformation and regulatory matters.

READERSHIP STATS

From a low base in 2017 of around 5 visitors per day IE is now attracting between 85-120 readers per day, Monday to Friday. Peak times are 11am-4pm, with another surge around 8pm-10pm as readers from the USA search for industry news and comment.

Traffic at weekends tends to be lower, as the magazine is not aimed at the general public. Since March 2018 about 2000 unique visitors per month check out IE, with the UK accounting for about 40-45% of traffic on a typical day.

The busiest days tend to be Monday-Thursday.

CONTENT OPPORTUNITIES

Publishing a press release or news item is free and Insurance Edge is proud to showcase the latest developments in Insurtech via interviews, and Opinion features, authored by leading figures in the insurance sector, or suppliers to insurers and brokers. Often these features are published free, but we do need your support to grow the magazine and increase readership.

SPONSORED CONTENT COSTS;

1200-1500w feature or phone interview	£85
In person Interview/photo feature within UK	£180 + expenses

SOCIAL MEDIA ACTIVITY AND COPYRIGHT FREE IMAGES

All paid-for content includes X1 link to a specific company landing, or home page within the article. We do not recommend multiple links in one piece of content, as this is generally considered to be poor SEO practice, but extra links in a single piece of content can be sponsored at a cost of £20 per link – maximum number of links in any one article or feature is three.

Sponsors also receive X5 Retweets, X3 Facebook, X3 Google+ and X3 LinkedIn posts as part of any package. This enhances the reach of the content and all RTs or re-posting of features and articles is always scheduled for business hours, within GMT or EST USA timezones, whichever you prefer.

Any photographs provided by Insurance Edge for an article or feature, would be available to the sponsor company as copyright free images, with no further payment required.
